

# How to import a Scratch file from Github

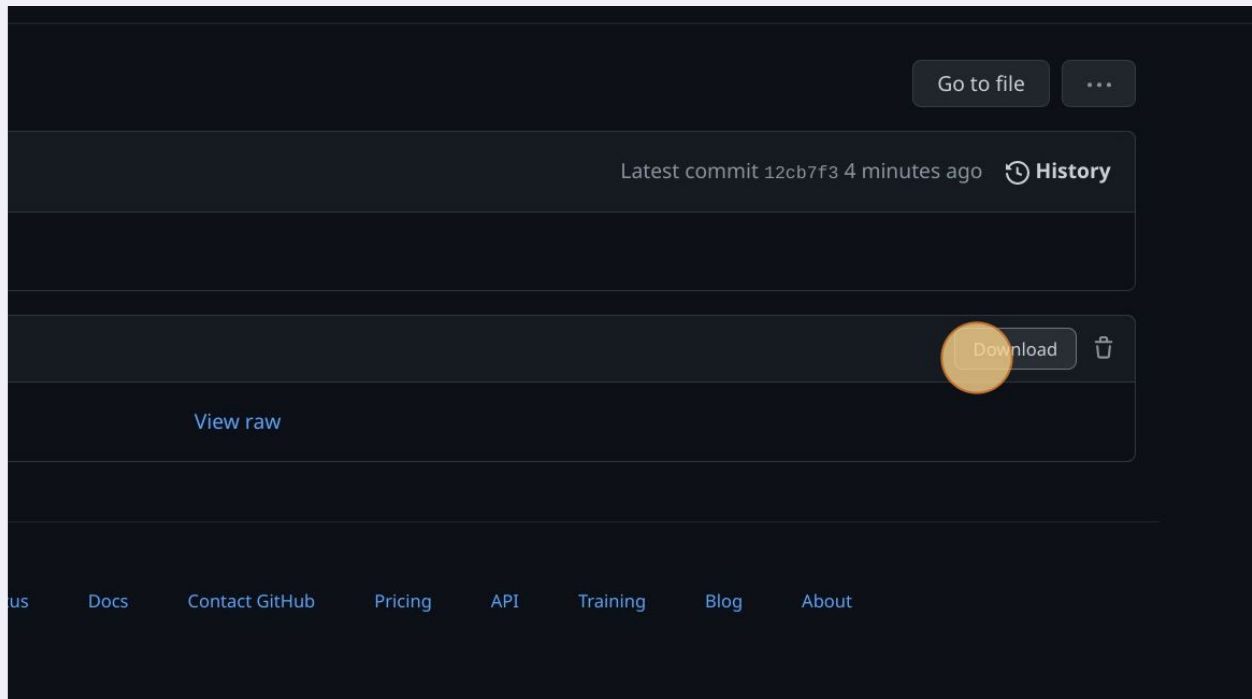

Scribe

1 Navigate to <https://github.com/Upsidedrop/Scratch-Rigidbody2D>

2 Click "Rigidbody2D.sb3"

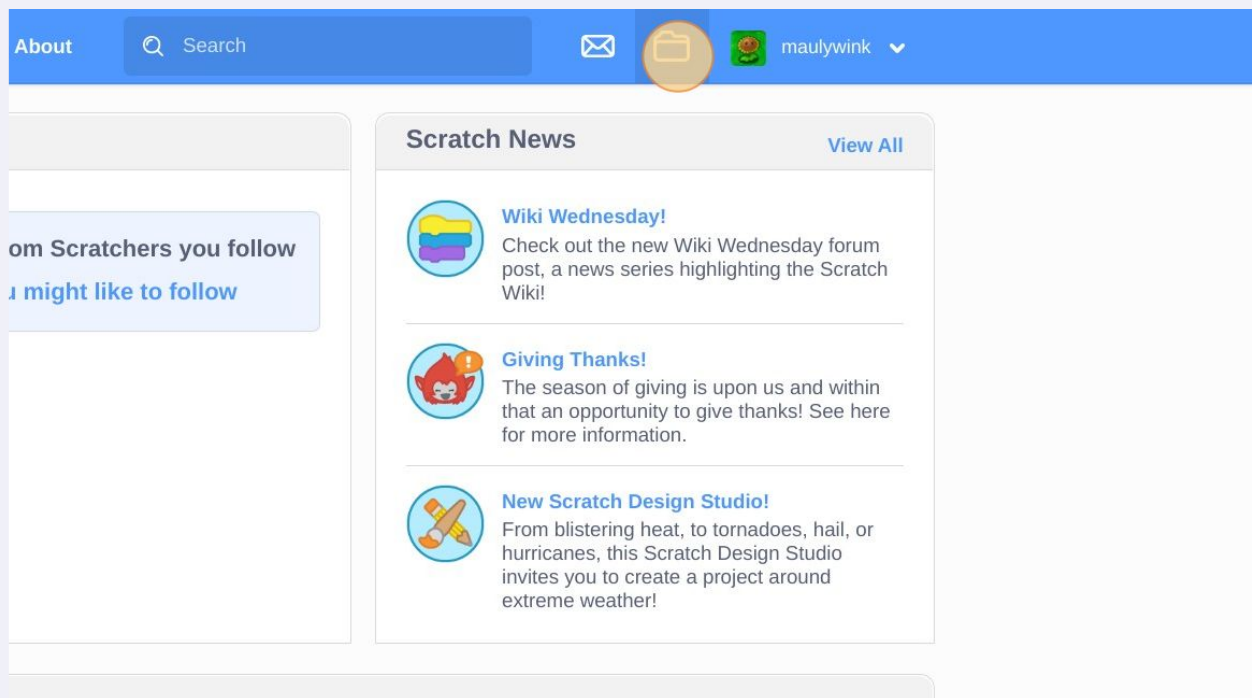

**3** Click "Download"

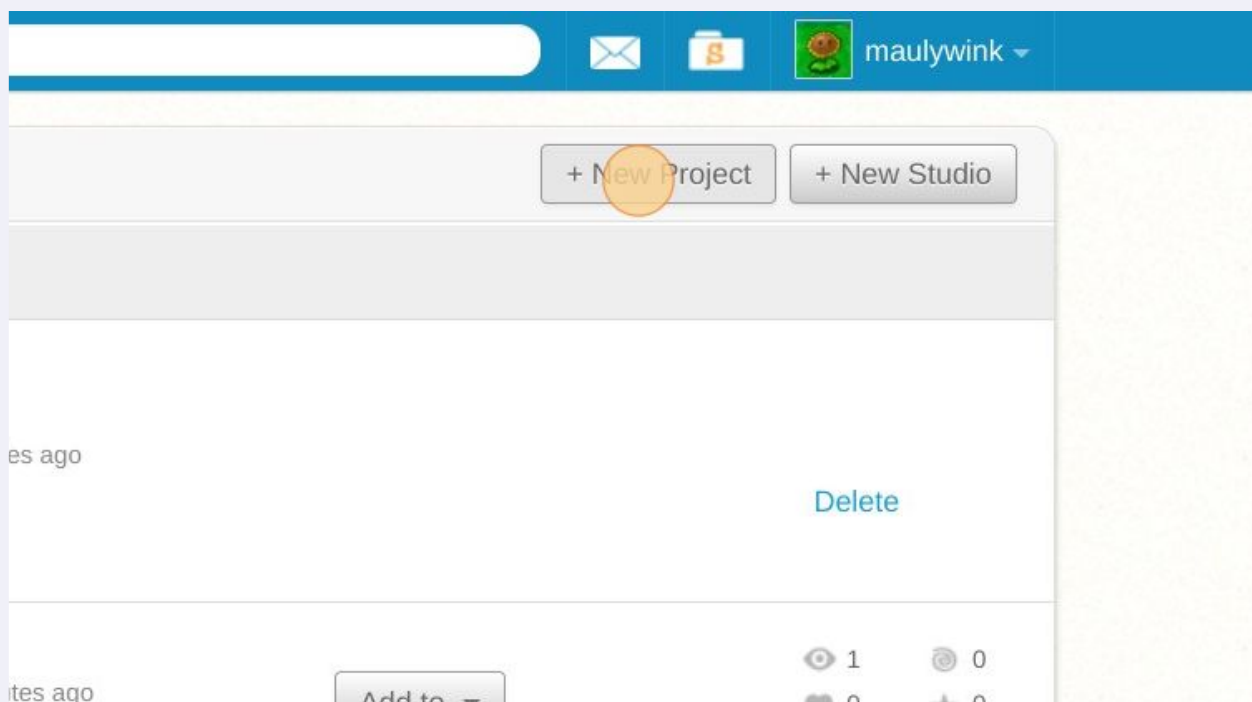

**4** Switch to tab "Scratch - Imagine, Program, Share"

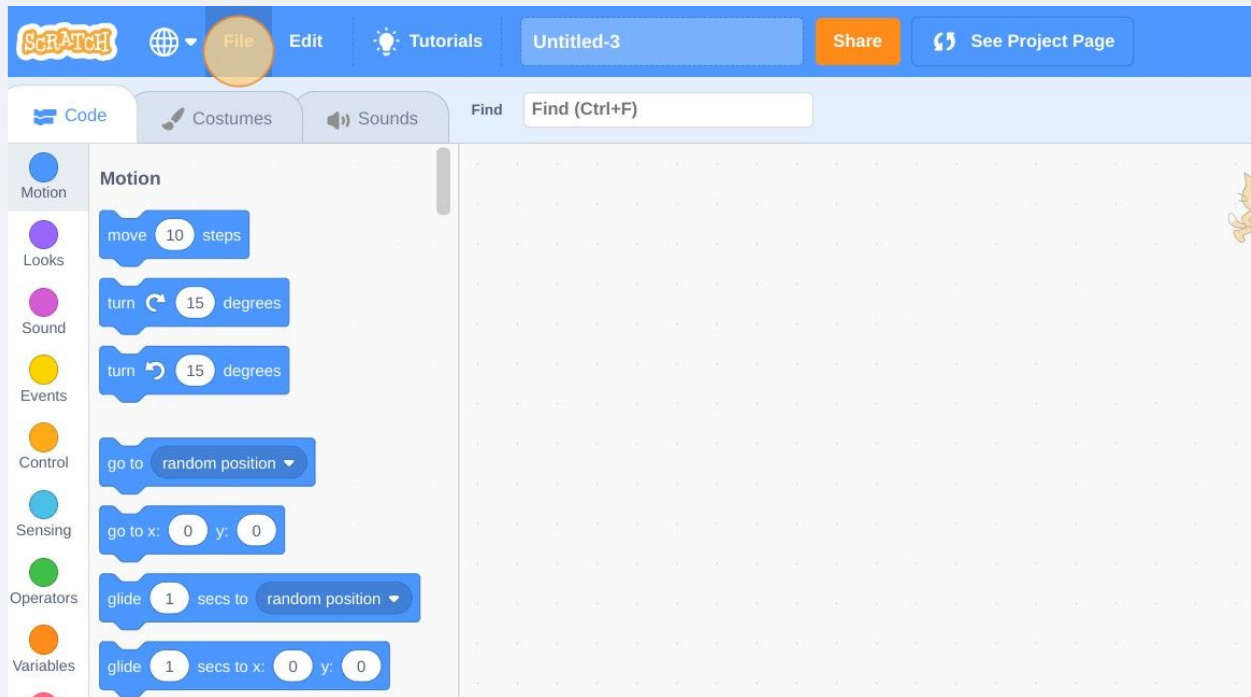

## 5 Click "My Stuff"

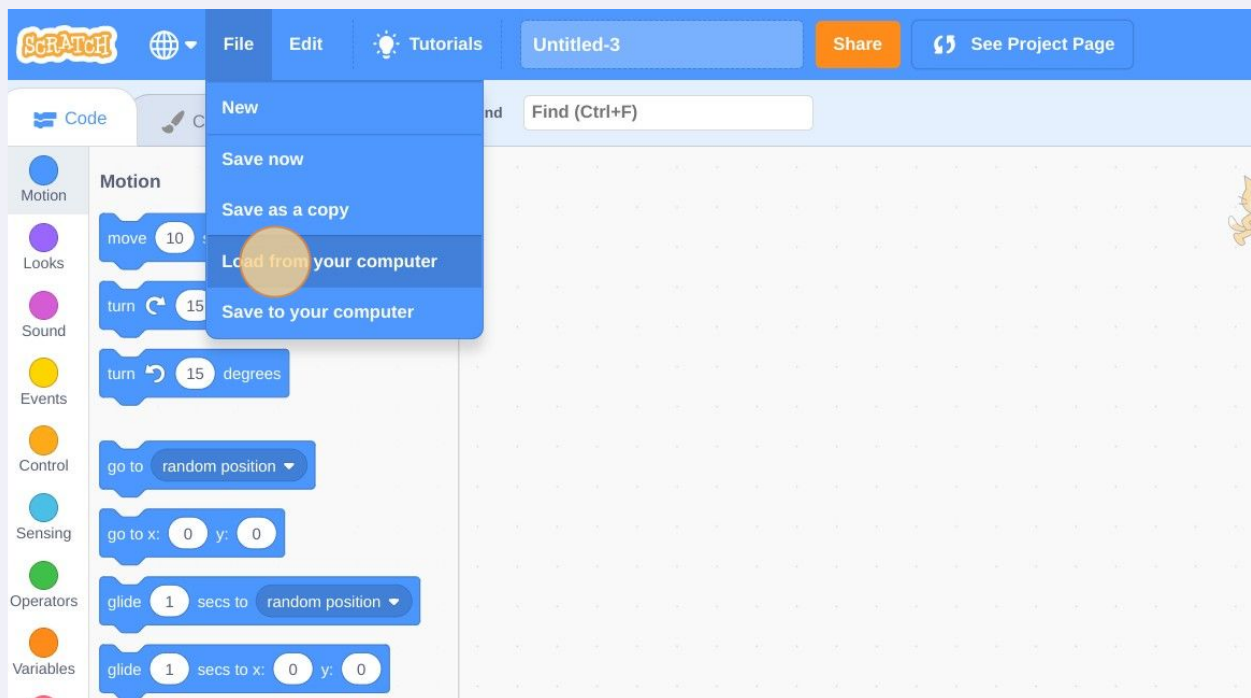

## 6 Click "+ New Project"

## 7 Click "File"

## 8 Click "Load from your computer"

9 Select the .sb3 file.

10 And you're done!
